DETAILED ACTION

1. Claims 1-2 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The cited art taken either singly or in combination with other prior arts fails to anticipate or fairly suggest the limitations which the Applicant claims in a manner which would warrant a rejection under 35 U.S.C. § 102 or 35 U.S.C. § 103, especially when these limitations are considered within the specific combination claimed. In fact, the cited art, U.S. Pat. No. 6,350,666 to Kryliouk fails to teach or fairly suggest a semiconductor device having a nitride-based hetero-structure mainly composed of InN-based compound which comprises crystal having at least partly, a nitrogen polarity surface or a surface equivalent to the that surface, and a method of manufacturing such device, as being claimed in claim 1 and claim 2, respectively.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
